SUBJECT MATTER AND SECTION DEFINITIONS

Statement on Subject Matter applicable to all sections

The fundamental rule that must be observed at all times and applies to all sections offered in exhibitions with FIAP patronage or PSA recognition is that the welfare of living creatures is more important than any photograph. This means that practices such as baiting of subjects with a living creature and removal of birds from nests, for the purpose of obtaining a photograph, are highly unethical, and such photographs are not allowed in any exhibition with FIAP patronage or PSA recognition. Under no circumstances may a living creature be placed in a situation where it will be killed, injured or stressed for the purpose of obtaining a photograph. This rule applies regardless of whether or not the creature being killed, injured or stressed is visible in the captured image.

There are also concerns about the use of aerial photography, drones, helicopters, low flying aircraft. These should not cause any interference with other individuals or animals which causes a disturbance in their normal activity or disrupt the way any individuals or animals interact with their environment.

Entry in this exhibition is conditional on accepting these policies. The content of images must comply with these General Conditions and with the Division and Section definitions listed in these conditions. Images that - in the sole opinion of the judges or the Exhibition Organizers - do not comply, will be disqualified so the entrant may be aware of the problem when considering entry into other exhibitions with FIAP patronage/PSA recognition.

Further details on the PSA's drone policy may be found at <https://psa-photo.org/index.php?psa-policies#drone>

Color and Monochrome:

Color and Monochrome images from the same capture that share substantial pictorial content in common will be considered the same image and must be given the same title.

However, PSA members working on Galaxy and Diamond Star Ratings are allowed to continue using different titles of monochrome versions and color versions of the same capture that have already been accepted until the required number of acceptances for those titles has been completed.

Greyscale Monochrome images may be entered for Nature, Photojournalism and Photo Travel but toned images are not permitted for these sections.

BORDER

For the purpose of this exhibition any border added to a Nature digital file must be a single border of white or grey, no greater than 3 -5 pixels in width.

Breaches of Rules

FIAP:

The mention that by the sole act of submitting his/her images or files to a salon under FIAP Patronage, the entrant accepts without exception and with no objection the following terms: - that the submitted images can be investigated by FIAP to establish if these obey to FIAP regulations and definitions even if the entrant is not a member of FIAP, - that FIAP will use any means at its disposal for this undertaking, - that any refusal to cooperate with FIAP or any refusal to submit the original files as captured by the camera, or failure to provide sufficient evidence, will be sanctioned by FIAP, - that in case of sanctions following the non compliance with FIAP regulations, the name of the entrant will be released in any form useful to inform the breaches of the rules. It is recommended to leave the EXIF data in the submitted files intact in order to ease eventual investigations. If, at any time, it is determined in the reasonable discretion of the exhibition organizer or the judges before, during, or after the judging of an exhibition that an entrant has submitted entries where one or more images may fail to comply with these Conditions of Entry, including the stated definitions, the exhibition organizers reserve the right to delete the entry from the exhibition and void any or all acceptances or awards in connection with the exhibition. Fees may be forfeited or refunded in these circumstances. The entrant acknowledges that the decision of the exhibition organizers or the judges is final
